Sir:

In response to applicant's request, a partial Certificate of Correction has been issued in the above referenced patent. The Patent and Trademark Office however, has failed to issue a Certificate of Correction with respect to adding two references to the Citation of References section of the issued patent as requested in applicant's request for reconsideration filed November 24, 2007. It is requested that this matter be reconsidered and a Certificate of Correction added whereby these two references are added to the appropriate section of the issued patent as set forth in the attached proposed Certificate of Correction.

It is pointed out that in response to the earlier requested Certificate of Correction, Ms. Cecilia B. Newman indicated that this additional Certificate of Correction would be added "...upon

receipt of a copy of the 1449 or 892 with the requested reference(s) considered by the examiner".  
Copies of the pertinent documents have been submitted. These copies indicate that the examiner had considered these two references. Therefore, it is clear that a further Certificate of Correction should be issued as per the attached document.

Respectfully submitted,
